INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Virginia Beach Directory since 1962), presents to subscribers and the general public, this, the 1964-65 edition of the Virginia Beach City Directory, which also includes the Rural Route Residents.

Confidence in the growth of Virginia Beach's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Virginia Beach to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Virginia Beach Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Virginia Beach, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Virginia Beach, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Virginia Beach and vicinity.

There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which HILL DIRECTORY COMPANY is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

VIRGINIA BEACH

(Courtesy Virginia Beach News Bureau)

Statistical Review

Virginia Beach, a resort of 2 square miles until its 1963 merger with historic Princess Anne County, is now known as The "World's Largest Resort City". The present city comprized of seven boroughs now ranks ninth in the nation area-wise. It extends from Cape Henry and The Chesapeake Bay on the north to the North Carolina line on the south, from the Atlantic Ocean west to the Norfolk and Chesapeake City limits. The city covers 312 square miles.

Behind its 28 mile ocean shoreline are 60,383 acres of rich farmland, nine beautiful residential areas, 25 middle income housing complexes, four military installations, nine major shopping centers and 57 square miles of lake and bay water.

With a population of 135,000, the city is as highly diversified in its income as it is in its character. Appropriately termed "A land of play, plenty and pleasant living", it derives a \$35,000,000 income from agriculture, \$18,000,000 from tourism...ever varying military and civil service payrolls run into the tens of millions, accounting for approximately fifty percent of total payrolls in the city.

Even prior to the merger, growth in the resort city of Virginia Beach and in Princess Anne County was significantly pronounced. Today it is noted as one of the fastest growing cities on the eastern Seaboard.

For several years the oceanfront resort strip has been under-going a vast transformation with luxurious new motels. In 1963 and 64 nine new accommodations opened. By 1966 approximately 1000 new rooms are anticipated.

The opening of The Chesapeake Bay Bridge-Tunnel in April 1964 brought eastern metropolitan areas 70 miles closer to Virginia Beach and put Virginia Beach directly on the fastest north-south route. This new facility spanning Chesapeake Bay has been predicted by economists to pour additional millions into the Tidewater area. Its greatest benefit will be to tourism, but agri-business, commerce and industry will reflect the impact of this new facility.

In contrast to change and progress on-the-move, in Virginia Beach are historic landmarks that stand as silent reminders of the beginning and development of this historic coast line. On Cape Henry, a high granite cross, silhouetted against ocean and sky, marks the landing dunes of the first permanent English colonists. Nearby stands the oldest government built lighthouse (1791), which served mariners entering the Capes until 1881 when a new lighthouse was constructed.

As progress-proof as the cross and the lighthouse are 2,770 unspoiled acres of Seashore State Park. Also on Cape Henry, this state-operated park has been acclaimed by botanists as a horticultural wonderland—for here the infinite variety of northern and southern horticulture meets, entralling nature lovers with the contrast of cypress swamps draped with Spanish moss to cliff-like sand dunes studded with yucca.

Equally fascinating for natural beauty and bird lovers is Back Bay at the southern most part of the new city. Its colorful marshes and broad expanses of fine bass waters are on the north-south flyway. Every year, the country's largest flock of greater snow geese winters along the 45 mile shoreline of Back Bay and Currituck Sound.

With a year 'round temperature average of around 55 degrees, Virginia Beach enjoys an ideal climate with a decided definition of season. Floral beauty in the spring brings visitors and holidayers from many states to enjoy the profusion of azaleas, dogwood and other flowering shrubs and trees. In late summer, the crepe myrtle is equally prevalent throughout the city.

Pleasure facilities for vacationers have been expanded also. Back of the oceanfront, a new marina provides rental sailboats, outboards, a canopied sightseeing boat and ski tow service, equipment and instruction. The sheltered bay waters of picturesque Linkhorn and Broad Bay are popular for water sports, fishing and sightseeing.

Back Bay, a sportsman's paradise !

Virginia Beach is a floral wonderland in the Spring.

For underwater adventure, snorkeling and skin diving invite the veteran or novice to explore ocean reefs and shipwrecks off Virginia's unspoiled Outer Banks. The less daring may share the unique experience of seeing this strip of starkly beautiful beach and sand dunes by taking a jeep junket all the way to the North Carolina line. The jeep buggy runs between the surf and tall dunes, stopping for camera enthusiasts to snap the cypress stumps standing grotesquely in the surf, to catch flocks of sea birds taking wing and to photograph old coast guard stations and remnants of shipwrecks along the way.

Jeep buggy rides along the starkly beautiful Virginia Outer Banks is a popular attraction.

Vacationing on the seashore of Virginia Beach is most popular with families.

NORWEGIAN LADY, the nine-foot bronze statue at 25th Street and the oceanfront, has been admired by thousands of visitors and residents.

Great sport in the quiet waters of Linkhorn Bay is water-skiing.

Riding the waves is a favorite sport at Virginia Beach.

Looking north to Cape Henry across Virginia Beach's oceanfront resort, where new construction is altering the skyline. 8 miles to the west the Mighty Chesapeake Bay Bridge Tunnel enters "The World's Largest Resort City".

Biking on the Boardwalk is a favorite sport with Holidayers at Virginia Beach.

During the Annual Lotus Blossom Festival thousands admire the yellow blossoms that stretch for miles in the waterways at Sandbridge.

An expanse of beautiful beach that vacationists find hard to leave.

Golfers enjoy a variety fare of fine golf courses

Fisherman's Paradise — Virginia Beach
excels in fresh and salt water fishing.

Diversity of recreation vies with attractions to supplement the enjoyment of sun, surf and sand. Five fine golf courses are located in the new city. There are also miniature golf courses, driving ranges, an amusement park, an 1870 western town, bowling palaces and two gay miniature trains that serve as oceanfront taxis and sightseeing vehicles on the boardwalk.

A popular stop for visitors and residents is at 25th Street and the oceanfront where stands a beautiful, nine-foot, bronze statue, "The Norwegian Lady." The statue, a gift from Moss, Norway, was unveiled in September of 1962 and since that time has been admired by thousands.

The Alan B. Shepard Convention Center is now called The Alan B. Shepard Civic Center and serves the community as an auditorium, recreational center and exhibit hall.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

HEATING

AIR CONDITIONING

So many local merchants want air conditioning, we set out to bring them the finest money can buy. We are honored to announce our appointment as franchised dealers for Carrier Air Conditioning — backed by skill and experience of the firm that founded the air conditioning industry.

We now offer a complete line of Carrier Store Weathermakers — the most compact and efficient self-contained unit ever built to clean and cool air, dehumidify it and circulate it without draft. We also offer expert advice on installed air conditioning for larger spaces.

If you plan to air condition your business — now or later — it will pay you to talk it over now. Just phone.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

BLUE CROSS — BLUE SHIELD

The successful way to budget for hospital and doctor bills

Every day more and more firms and organizations are selecting BLUE CROSS—BLUE SHIELD for the pre-payment of hospital, medical and surgical bills of their employees. And there are good reasons why the hospitals' and doctors' own programs are being chosen! Employers want a flexible plan with a minimum of administrative detail and red tape. Employees prefer BLUE CROSS—BLUE SHIELD for its realistic protection in services rather than limited dollars.

Call your BLUE CROSS—BLUE SHIELD representative first!

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

The Nautilus Museum

A repository of scientific, natural and literary collections.
The first educational center of it's kind in Virginia Beach.

"REACH INTO A LOST WORLD AND HAVE A HAND IN THINGS TO COME"....Zida

Open the year around for the convenience of the Tidewater schools and all who are interested in higher education

Library of reference books available to help teachers and students from the first grade through college.

Fantastic displays in the studies of/Conchology--(over 7000 specimens of shells representing every country in the world, including a special display of Virginia Beach Species.)

Paleontology--Fossils dating back to the beginning of time, featuring hundreds of species found in the Tidewater area.

Mineralogy and Geology--Unbelievable Crystal formations

Archeology--we are proud to say we have one of the largest collections in the United States, dating back to pre-historic man.

All of this and many, many interesting things are to be seen in The Nautilus Museum,
311 - 313 - 17th Street (Va. Beach Blvd.) 1½ blocks from the ocean front. Phone 428-4848

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Do your employers
furnish you with the
latest edition of the
City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

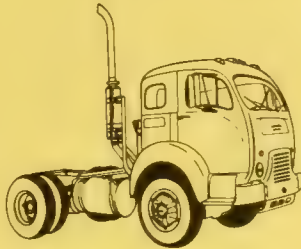

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

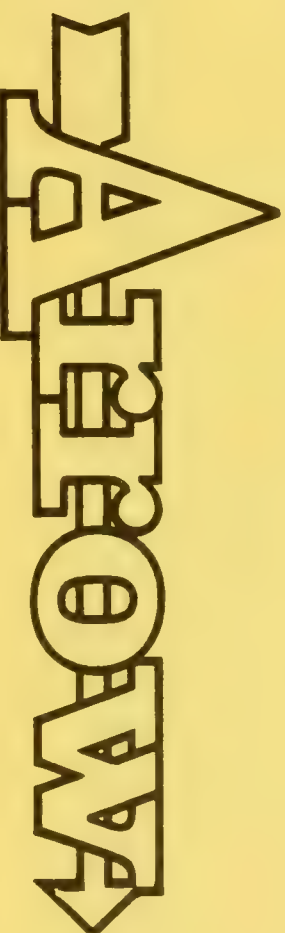

MORE PEOPLE ARE SEEING CITY DIRECTORY ADS

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
